| 3 | 37 units Brand New Fertilizer Applicator | Within 120 calendar days upon receipt of Notice to Proceed (NTP) | |

NOTE:

Project Completion Period shall include visual inspection and actual field testing prior to delivery at the Deployment Sites.

BIDDER'S QUERY:

| BHARAT ENGINEERING COMPANY | |
|-----------------------------------|--|
| Query No. 1 | <p>We Bharat Engineering Company (Universal Implements) suggest the following method to increase the depth of cut for Universal Mounted Mould Board Plough.</p> <ul style="list-style-type: none">- One can easily increase the required depth of cut by adjusting the bar point in furrow assembly of Universal Mounted Mould Board Plough (Refer Operator manual, page – 9, point no. -3)- We will fabricate additional attachment with Mould board plough furrow to accommodate ploughed soil to the depth of 16 inches.- This bar point is made out of boron steel and hence can withstand high pressure. But it is advisable to elongate the bar point to an optimum length only to avoid bending/damage due to collision with deep roots or hard obstacle. <p>For Universal Furrower/Tyne ridger, we will increase the length of shank/tyne by 12 inches to ensure better penetration in the pre-tilled land.</p> <p>We, Bharat Engineering Company (Universal Implements) confirm that the modifications we suggested above are the best to our knowledge to achieve the desired results as required in the tender.</p> |
| SRA Reply No. 1 | <p>The AMTEC Test is an indispensable requirement under the Agriculture and Fisheries Modernization Act (AFMA). It is the only measure or guarantee of quality and performance available to the procuring entity. Thus, the pass or fail system under GPPB must be observed. Request DENIED.</p> |

This **Supplemental/Bid Bulletin 2** shall form part of the Bidding Documents. Any provisions in the Bidding Documents inconsistent herewith is hereby amended, modified and superseded accordingly.

For guidance and information of all concerned.

Issued this **15th July 2019** in Makati City.
