B. REPLIES TO BIDDERS QUERIES:

Bidder – PLDT Enterprise

E-mail addressed to the Chair dated 09 November 2020.

Query 1	<p>This e-mail is in relation to PRC’s requirements for its “SUPPLY, DELIVERY, INSTALLATION, TESTING AND COMMISSIONING OF IP-PBX SYSTEM FOR THE PROFESSIONAL REGULATION COMMISSION (PRC) – CENTRAL OFFICE” project. It is stated in the terms of reference that an NTC type approval certificate is required for the IP phones, however, this specification is not applicable for our IP phone offering to PRC because National Telecommunications Commission (NTC) only requires type approval for:</p> <ol style="list-style-type: none"> a. Customer Premises Equipment (CPE) that connects directly to telco trunk lines b. Radio Communications equipment c. CPE with Integrated Radio equipment <p>Our proposed Mitel IP phones do not require type approval because the units only connect to LAN switches and do not terminate directly to telco trunks. Also, they do not have wireless capability such as Bluetooth. On the other hand, since our Mitel voice switch product has a telco trunk line interface, it has an NTC type approval certificate (ESD-CPE-1502942).</p> <p>In line with this, we highly recommend for NTC to soften the specifications to: Copy of NTC type approval certificate is to be provided for the proposed IP-PBX system or for the IP phone model/s (only if applicable). Thank you.</p>

PRC REPLY #1	Please be clarified that the IP-PBX equipment shall be typed-approved by the National Telecommunication Commission (NTC) and by ISDN trunk provider (TELCO). Please submit type-approval certificate (PHONE), <u>as applicable</u> . Please see the Section VII. Technical Specifications of the Amended (Simplified) Bidding Documents.
-------------------------	---

This **SUPPLEMENTAL BID BULLETIN NO. 1** shall form part of the Bidding Documents. Any provisions in the Bidding Documents inconsistent herewith is hereby amended, modified and superseded accordingly.

For the guidance and information of all concerned.

Issued this **19th day of November 2020** in Makati City.
