QUERIES FROM MARIÑAS & CO. BUILDERS INC. Letter dated 13 February 2020 and received by PITC BAC on 19 February 2020.

Query 1:

We would like to ask for a consideration for the personnel requirement of each project. In the bid doc, the key personnel requirement are as follow:

a) MPG-B2-2019-571

xxx...

b) MPG-B2-2019-572

Designation	Number of Personnel
Project Manager (PM)	1
Architect	1
Site Engineer	3
EE	1
Sanitary Engineer/ Master Plumber	2
Safety Officer	3
Structural/ Architectural	4
Electrical Foreman	4
Plumbing Foreman	4

Comments:

- a. The project site of each project is located only in one location which can be supervised by our competent personnel. Requiring more than one key personnel in every designation is somewhat an "overkill" for the project with an ABC of less that PhP50M each.
- b. The projects can well be supervised by only one key personnel in every designation. These key personnel will be complemented/assisted with our skilled laborers.
- c. As a comparative, the PITC project for the Construction of UP New Clark City Phase I (Bid. Ref. No. GPG-B2-2020-271 Rebid) has an ABC PhP144,731,763.80 requires only one key personnel in every designation which is very reasonable, practical, economy wise and implementable.
- d. We have completed several projects in the past with more than the magnitude of the projects stated above with only minimal key personnel. We want to assure the PITC and the Philippine Army that we can accomplish the project the projects if our request be considered.
- e. Likewise, we would like to share that key personnel in the construction industry, at present, are very scarce in this period of construction boom In our country, additionally, the demand of our skilled construction workers overseas, thus we have to manage the remaining skilled workers in our country to cope up the build build build project of the government.

Recommendation/Appeal:

We would like to appeal to PITC BAC II and the Philippine Army to consider requiring only one each for every key personnel designation. Granting our request will not place the implementation of the projects in jeopardy, more so, will have competition during public bidding which is the very essence of RA 9184.

BAC2/PA: **Request granted.** To consider the request of MARIÑAS & CO. BUILDERS INC. to require only one each for every key personnel designation for this project. Below is the minimum required key personnel:

Designation	Qualification	Number of Personnel
Project Manager	Registered Civil Engineer with Minimum 8 years experience in Building Construction	1
Architect	Registered Architect with minimum 5 years experience in Building Construction	1
Site Engineer	Registered Civil Engineer with minimum 5 years experience in Building Construction	1
Electrical Engineer	Registered Professional Electrical Engineer with minimum 5 years experience in Building Construction	1
Sanitary Engineer/ Master Plumber	Registered Sanitary Engineer/Master Plumber with minimum 5 years experience in Building Construction	1
Safety Officer	Registered Civil Engineer with minimum 5 years experience in Building Construction	1
Construction Foreman (Structural/ Architectural)	With minimum 5 years experience in Building Construction particularly in Structural/Architectural Supervision	1
Construction Foreman (Electrical)	With minimum 5 years experience in Building Construction particularly in Electrical Supervision	1
Construction Foreman (Plumbing)	With minimum 5 years experience in Building Construction particularly in Plumbing Supervision	1

Query 1:	As per observation in our procured Bid Docs, there is an Organic Mess Hall in the Site Development Plan and an Upgrade of Electrical System of Mess Hall. However, same is not found in the Scope of Works.
